*Okay, everybody.
We're going to make some shapes.
Show me your hands.
Let's start with a triangle!*

A triangle.
Can you make a triangle?

Can you make a triangle?
A triangle.
Can you find a triangle?
A triangle.
Can you find a triangle?

*Can you find a triangle?
Ready...GO!*

Now, let's make a rectangle!

A rectangle.
Can you make a rectangle?
A rectangle.
Can you make a rectangle?
A rectangle.
Can you find a rectangle?
A rectangle.
Can you find a rectangle?

Can you find a rectangle?
Ready...GO!

How about an oval?

An oval.
Can you make an oval?
An oval.
Can you make an oval?
An oval.
Can you find an oval?
An oval.
Can you find an oval?

Can you find an oval?
Ready...GO!

Now, let's make a star!

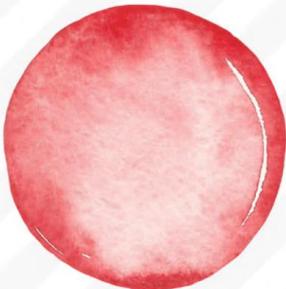

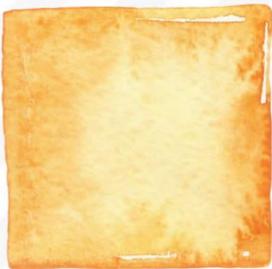

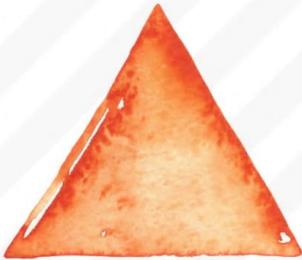

A star.
Can you make a star?
